

Radiance Bronzing Face Oil

#13133-1

Makeup and skin care don't have to be separate- this bronzing face oil will provide you with a bronzed glow, while making the skin look even and blurred. This lightweight foundation alternative takes just a few drops and can be spread on the skin with ease.

This feathery light pigmented oil provides coverage and color without greasiness. The Floramac® 10 and Schercemol™ DIA provide a quick absorbing and easy spreading base for this formula. Bentone Gel® ISD V helps with pigment dispersion and rheological modification to give the formula body without weighing it down. The Amaze™ Nordic Barley provides softness and some optical line blurring while keeping the formula from becoming greasy.

INCI	TRADE NAME	FUNCTION	%
Ethyl Macadamate	Floramac® 10	Emollient	36.88
Diisopropyl Adipate	Schercemol™ DIA	Emollient	36.87

TOTAL			100%

Mixing Instructions

- Combine the Floramac® 10, Schercemol™ DIA and Bentone Gel® ISD V and mix until uniform.
- Add the Amaze™ Nordic Barley and Fancor® Meadowfoam Seed Oil and mix until uniform.
- Add in the KOBO color grinds to achieve your desired final shade and coverage level.

Application Instructions

- Shake the dropper bottle for 10 seconds to eliminate separation between the oil and the other ingredients.
- Use the dropper to place 3-5 drops on the fingertips.
- Massage evenly onto skin until you achieve the desired appearance.

pH: N/A

Appearance: Tinted Liquid
