

Scruff Eraser

Beard Balm

#14220-1

A naturally derived beard balm to help soften and not impart too much shine. The combination of butters, oils, and emollients help make the beard supple while the Vegarol 1698 and Castorwax® MP-80 give the formula structure and aesthetics. Schercemol™ SHS is an Ecocert approved material with a melt point close to skin temperature giving a light feel and quick absorption.

			100%

Mixing Instructions

Combine all ingredients and heat to ~75° C with mixing until the mixture is uniform.

Once at temp and homogenous, mix for an additional 10 minutes, then pour into final containers still warm and liquid and allow to cool to room temperature.

Appearance: Waxy, white solid
